

Chris & Elaine's guide to nearby Restaurants, Grocery, Gas/Petrol Etc.

All the parks have both fast-food and more formal restaurants. Outside the parks there are a multitude of fast-food places but there is also a wonderful selection of other restaurants covering every cuisine choice. It is difficult to recommend due to differences in taste etc., however we hope the list below, which in the main are very close to our home, may prove helpful. Let us know if you want us to include any we have missed or are no longer there! One thing is certain, you will not go hungry!

Tips:

Look out for discount coupons in the tourist brochures!

Don't be afraid of asking to see a menu before being seated!

Some of the meals can be large and is more than acceptable to share or ask for a take-a-way box.

Tipping a minimum of 15% of the bill, based on the quality of service is customary (sometimes tips are added automatically to the bill for large parties).
